

# Who We Are

## About Us

PMW has grown its worldwide customer base with added value as a contract manufacturer of car wash canisters, mufflers, agricultural equipment, and various aqueous equipment.

PMW WILL BUILD YOUR ONE TIME PROJECT

## Reliability in Service

*Precision Metal Works - Contract manufacturing from design to final product*

*We have been a manufacture of heavy-duty parts washers for many years. Our standard machine components have been selected for durability, cost effectiveness, availability, and serviceability.*

### **TRUSTED BY OUR CUSTOMERS**

*PMW is an equipment manufacturing company in Eastern Iowa that began operations in the 1980's producing automotive lifts and industrial parts washers. The production equipment used in the fabrication of these products is ideally suited for creating a wide array of parts and assemblies for your contract manufacturing needs.*

*Customer satisfaction is our number one priority, and you can count on us for quick delivery and short lead-times.*

*We look forward to discussing how PMW can assist you with your outsourcing your fabrication or assembly needs.*

# PRECISION METAL WORKS

*Precision Metal Works does contract manufacturing services and helps you with design to production.*

*PROVIDING SMALL BUSINESS OPPORTUNITIES  
FOR OVER 40 YEARS*

#### OUR MISSION:

*We design and produce unique cleaning systems that fulfill our customers' parts cleaning needs and provide a wide variety of manufacturing services.*

#### METALS:

PMW has one of the highest in-house capabilities in the Midwest for aluminum, carbon steel, stainless steel, and cast-iron welding. Our customers come from a wide variety of industries including the automotive, agricultural, automation, electronics, aerospace, food processing, rail, and car wash equipment.

#### What you will find in your experience with Precision Metal Works:

- Highly reputable in the marketplace
- Financially sound
- A clean, well-managed facility
- Manufacturing quality standards
- Capabilities to send the product directly to customers

**Think you have a product, prototype, or invention?**

PMW will make it easier and less expensive for your company to bring new products to the market and distribute them broadly.

**"PMW Contract Manufacturing allowed me to concentrate on sales and I did not need to support the cost of a production facility."**

**Jim V**

#### PMW IS HERE FOR YOU

Let PMW contract manufacture your small business needs and we will produce your products. We enable small businesspeople to begin selling their products without obtaining the large amount of capital necessary to build and run a factory.
